Ultimate Performance, Cutting-edge Innovation

The Yealink T4 series represents the cutting edge of VoIP technology and is intended for discerning users with extremely high expectations for IP phones. Revolutionary in appearance and technical design, the T4 series is pleasurable and practical to use. Advanced features include support for gigabit networks, rich programmable DSS keys that tailor the IP phone features to specific needs, and support for Bluetooth headsets that give users more freedom at work. Enhanced sound quality is delivered by the Optima HD Voice system, which meets TIA 920 certification standards. Yealink's T4 series is the ideal marriage of perfection and performance.

Remarkable Quality and Design

The Yealink T4 series represents the cutting edge of VoIP technology and is intended for discerning users with extremely high expectations for IP phones. Revolutionary in appearance and technical design, the T4 series is pleasurable and practical to use. Advanced features include support for gigabit networks, rich programmable DSS keys that tailor the IP phone features to specific needs, and support for Bluetooth headsets that give users more freedom at work. Enhanced sound quality is delivered by the Optima HD Voice system, which meets TIA 920 certification standards. Yealink's T4 series is the ideal marriage of perfection and performance.

Mirror-style Screen

Touch Screen

Scratch-resistant Surface

LED Status Indicator

User-friendly Metallic Keypad

Metallic Texture

Anti-tangle Cord

Optima HD Voice

Non-slip Rubber Pad

Super Thin Side Panel

High-quality Handcrafted Design

Adjustable Multi-angle Stand

Large Interactive Digital Display (Paperless)

The user-oriented design concept of the T4 series delivers a friendly interface and easy operation. The series offers large high-definition screens for a pleasant visual experience, from the flagship model SIP-T48G's 7-inch TFT LCD display with touch screen to the gray-scale backlit graphical LCD of the SIP-T41P. An abundance of multifunction DSS keys that incorporate red and green lights allow for customized programming to increase productivity.

Paperless DSS Key

Paperless DSS Key

Gigabit Support

The SIP-T48G, SIP-T46G and SIP-T42G are equipped with dual-port Gigabit Ethernet ports for advanced connectivity. With support for today's high-speed networks, these models take advantage of Gigabit Ethernet to ensure greater convenience and improved efficiency.

Optima HD Voice

Yealink T4 Series' Optima HD Voice system, which meets TIA 920 certification standards, maximizes acoustic performance and creates a virtual face-to-face experience.

*Pass TIA 920 Certification

Bluetooth and USB Support

The SIP-T48G and the SIP-T46G provide a built-in USB port and support for Bluetooth headsets. A hands-free connection gives you more freedom and comfort at work.
